## FISM Newsletter

**Nr. 91 – April 2021**

**To all Presidents of the FISM member societies  
and Delegates in the GENERAL ASSEMBLY of the FISM**

Dear Mr. President, Dear Friend in Magic,

I have the great satisfaction of being able to announce again the openings with new dates of the FISM Continental Championships of Magic and the World Championship of Magic.

In any case, although the news is tremendously encouraging, we cannot forget that the situation created by COVID-19 is not yet fully under control; so we must act with caution, following the regulations that are applied in each of the countries where the Championship is held.

I am well aware that these almost two horrible years that we have lived through, have greatly affected our art, our artists, our followers. I thank you from the bottom of my heart for the great effort made to be able to "tiptoe" counting the days with the hope of returning to the stage soon.

It is especially important that as the dates of each of the events get closer, you update the information about the latest regularizations for travel and coexistence in the host city and country.

The time has come to move forward carefully, showing the world that culture, and especially the art of magic, is not only safe but absolutely necessary to keep the world optimistic and healthy. Now it is our turn again. Prepare your magic tricks, your best smile, all your art, and spread optimism, amazement, and MAGIC ART to the world, to the cities, to the people.

The world needs more than ever, a lot of LIVE MAGIC!
