FISM CARD

The FISM card can be obtained according to two procedures: 1) by providing a society's list of its members to be given the corresponding cards (the applicant's society must be in good standing with its membership fee), or 2) by individually proving the society affiliation to FISM and making the card a request directly on the website of the federation. The FISM card offers a lot of advantages: easier verification of official members, discounts, and privileged services to cardholders from participating dealers. It also facilitates the gathering and processing of personalized information for the members of the FISM societies and promotes a sense of community. The benefits and services offered may increase over time and the card is valid for three years during the FISM membership.

It is now possible to choose either a physical plastic card or a virtual card sent in PDF format. Both cards offer the same advantages.

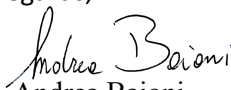

FISM MEMBERSHIP FEE

Please be aware that it is of the utmost importance that your society has paid its contribution for the triennial period 2022-2025. Do not forget that only by paying the membership fee you can sponsor candidates to compete in FISM Continental Championships and FISM World Championships, as well as for participating in all FISM ballots, either online during the membership period or in person at the WCM General Assembly.

Following the FISM General Assembly decision in Busan 2018, the associations that have still not paid their fees for 3 triennial in line will be excluded from FISM. If they want to become again members of FISM, they will have to follow Art. 10 of the FISM Statutes.

If you have any doubt concerning the payment of the membership fees of your society, please send your questions to membership@fism.org.

Best regards,

Andrea Baioni
International President
